

Lab W01 — LOTO Competency Sign-Off

Student: __ **Date:** __ **Cart/Pack ID:** _

Procedure (perform in order)

Step	Action	Student ✓	Instructor ✓
1	Notify others / identify energy sources		
2	Don required PPE		
3	Set key/switch to off; remove key if applicable		
4	Disconnect charger; isolate pack per shop method		
5	Apply lock & tag; complete tag fields		
6	Attempt to energize (verify isolation)		
7	Meter-verify zero energy at designated test points		
8	Recheck meter on known live/reference source		
9	State aloud: "Zero energy verified"		

Critical failures (automatic redo)

- Skipped meter verify
- Jewelry on
- Probes in current jack during voltage check
- Removed someone else's lock/tag

Result: ☐ Pass ☐ Redo
