

Lab W01 — Multimeter Scavenger Hunt

Student: __ **Partner:** __ **Date:** __
Meter model: __ **CAT rating:** _____

Safety confirmation

- ☐ Jewelry removed
- ☐ Safety glasses on
- ☐ Instructor verified probes in correct jacks for voltage

Measurements

#	Task	Expected concept	Reading	Units	Pass?
1	Measure known reference (instructor source)	Meter confidence		V	
2	Battery bank total OCV (de-energized training OK if labeled)	Series addition		V	
3	Individual battery #1 OCV	Compare to siblings		V	
4	Individual battery #2 OCV			V	
5	Continuity of designated good cable	Beep/low Ω		Ω	
6	Continuity of designated open	OL / no beep		—	
7	Resistance of provided resistor / lamp	Ohm's Law check		Ω	

Reflection (2-3 sentences)

What mistake with a DMM could destroy the meter or create an arc on a pack?

Instructor initials: _ Notes: _____
